PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 9th July 1949.

THE CEMENT RATIONING AND LICENSING ORDER 1948 AMENDMENT.

The Government have, in their Notification No. C. 62—Co. 6-48-11, dated 8th July 1949, amended clause 7 of the Cement Rationing and Licensing Order, 1948, with a view to exempting all Government Departments, Government Institutions and Government Industrial Concerns of both Central and Mysore Governments from the levy of Centage for the supply of Cement made to them.

(P. N. No. 9—9-7-1949—801-900)

Press Note.

Dated 11th July 1949.

United Nations' Appeal for Children, Indian National Committee, has, in consultation with the Government of India, decided to hold 'Children's Day' throughout the country on 30th July 1949 with the idea of rousing the interest of the people to children's needs and ensuring larger collections from the public.

It is proposed to hold a similar "Children's Day" in Mysore State for the purpose on 30th July 1949. In order to work out the procedure for the appeal and method of collection, Government have appointed a Committee consisting of the following personnel:—

1 The Director of Public Instruction (Chief Organiser and Chairman).
2 The Chief Scout Commissioner.
3 The Director of Public Health in Mysore, Bangalore.
4 The Senior Surgeon in Mysore, Bangalore.
5 The Commissioner for Rural Development in Mysore, Bangalore.
6 The Deputy Commissioner, Bangalore District (Urban).
7 The Deputy Commissioner, Bangalore District (Rural).
8 Secretary, Indian Red Cross Society, Mysore State Branch (Headquarters Assistant to the Director of Public Instruction as Secretary of the Committee).

It is earnestly hoped that all officers of Government and non-officials will take a keen interest in the matter and see that donations and collections are made for the purpose in a manner befitting the objects of the appeal from the Indian National Committee.

TREE PLANTING.

The existence of a large number of fruit, manure yieldi and fuel trees on lands and roads in the State is calculated increase the wealth of the country apart from utilitarian val in providing shade to the travellers and protection to t cattle and the yield they afford in regard to food. Tr planting was being encouraged from time immemorial on t above score and the existence of a large number of aven trees all along the high roads is the direct result of the cum lative efforts made by the Government and the people for age

For some reason or other this important duty has been lected as a result of which the number of trees have ndled and there has been scarcity for fruits, fuel and even nure. The need for having an intensive drive for tree-nting cannot therefore be over-emphasised. It is usual to e the opportunity of important and auspicious occasions His Highness' Birthday and Independence Day and to have ensive planting on such occasions.

These ceremonial days fortunately occur between July and gust during every year and the period covered by these nths is most suited for undertaking an intensive drive in e-planting, since almost all parts of the State will have ns during this period.

Government therefore make an earnest appeal to all people l local bodies such as the Village Panchayets, Municipali-s, District, Sanitary and Town Boards and the Rural Deve-ment Committees to have an intensive tree-planting drive ring this period and to arrange for maximum number of es being planted on the 16th July 1949 and 15th August 49 which days happen to be the Birthday of His Highness Maharaja and the Independence Day, respectively.

As far as possible, fruit and manure yielding and fuel es may be planted all along the roads, vacant sites, burial unds, compounds of buildings and also on *hiduvali* lands.

The required quantities of seedlings and plants can be had indents from the officers of the Forest and Revenue Depart-nts at District Headquarters.

It is also requested that effective arrangements may also be de for the proper upkeep of the trees planted.

Government have sanctioned a sum of Rs. 10,000 (Rupees thousand) during the current year for this purpose out of Rural Development Funds.

(P.N. 15—12-7-49—1401-1,500).

Press Note.

Dated 12th July 1949.

With reference to an unsigned article which was published one of the local papers on the 17th June 1949, alleging egularity in dealing with stocks of Bengalgram in Shimoga strict, the following facts are given for general information :—

Towards the end of November 1948, an allotment of 4,000 ns of Bengalgram was made to the Mysore State by the ntral Government from the East Punjab State's, Union and ormation regarding rates and other details were secured by out the middle of December. An Officer of this Govern-nt was then deputed to the Punjab to supervise despatches. e quota was distributed to various districts out of which imoga District got 350 tons. It is to be noted that the pply was from the Punjab and not from Hyderabad as ted in the article. Actual despatches could only commence about the end of March 1949 and the Mysore Representa-e reported that the quality of gram intended for export was t quite good. The State Government moved the Govern-nt of India for stopping despatches until after inspection, t the terms of supply stipulated that no gram allotted for port could be rejected solely on the basis of bad quality but at, however, a rebate would be allowed on schedule prices on count of any deficiency in the quality of gram supplied. ne quality of the gram imported formed the subject of dis-ssion at a meeting of the Deputy Commissioners held in ril 1949, and in view of the poor quality of gram received, was decided that the stocks so imported should be put into nsumption quickly without delay and that the merchants ay be permitted to sell their stocks without coupons. Govern-ent approved the sale of these stocks to the public without y restriction whatsoever so that the old stock could be eared as quickly as possible and also in view of the fact that fresh allotment for the Rabi Year was likely to be made on. This approval was communicated to all the Deputy ommissioners of Districts who took action accordingly. The atement in the article that there was an "unwritten under-anding" to allow the wholesalers to sell without restrictions therefore totally incorrect. The insinuation in the article at the merchants were permitted to sell the stocks in the ack-market is wilfully misleading. If the quality of the am itself was bad, as alleged in the article, it is obvious ere could be no buyers for the stuff in the open market much ss in the black-market.

In conclusion, it may be stated that the fact that the gram as not in a very good condition was known from the outset. ll facts of the case have been placed before the Government India. The grievance as such in this particular case has en common to all the districts in the State. It is hoped that the fresh allotment of gram that may be made to the State will be of better quality.

Press Note.

Dated 12th July 1949.

With reference to a statement contained in a letter that was published in one of the local newspapers some time ago alleging that the Aeronca Superchief Aircrafts which were purchased for the Mysore Government Flying Training School had been officially declared unsuitable for training purposes, it is hereby stated for general information that the statement is not correct. The Director-General of Civil Aviation in India has confirmed that the Aeronca Superchief Aircraft is considered suitable for training purposes.

(P. N. No. 17—12-7-1949—1601-1700).

Press Note.

Dated 12th July 1949.

The Boys' Regiment of the Corps of Indian Signals.

The Regimental Recruiting Party of the "Boys' Regiment Signal Training Centre" Jubbulpore, Central Province, has programmed to arrive at Mysore on the 31st July for purposes of enlisting and selection of Boy Recruits aged 14 or 15 years for the above Training Centre. Boys who have passed the 8th Class (IV Form) and are more than 5 Ft. in eight are eligible for selection.

Normally, the length of the course of the Training is 2 to 3 years in the Boys' Regiment and on attaining the age of 17 years the Boys are transferred to the Military Training Regiment, Jubbulpore, for further training. On being attested as Signalmen, they are selected for certain Signal Trades, such as Operators, Radio Mechanics, Telegraph Mechanics, Fitters, etc.

The pay and allowances are lucrative and the details can be had from the Officer Commanding, Boys' Regiment, Signal Training Centre, Jubbulpore, Central Province or at Mysore during the Recruiting Party's visit on the 31st July.

The public are Requested to co-operate with the Recruiting Party. It is hoped that the Boys of Mysore will utilize this opportunity and enlist themselves and thereby choose not only a bright career for themselves but also be able to serve the country.

(P. N. No. 18—12-7-1949—1701-1800).

Press Note.

Dated 14th July 1949.

Shifting of Arrack and Toddy Shops near Dharmambudhi Tank Bund.

With reference to the repeated suggestions from the public regarding the shifting of the arrack and toddy shops from the Dharmambudhi tank bund in Bangalore City, it is hereby notified for general information that Government are keenly alive to the necessity of shifting the arrack and toddy shops from that area as early as possible. Actually, this year's sale of the shops was effected on the distinct understanding that these shops should be shifted from that place, but there has been some delay in the construction of new sheds. Pending construction of these sheds, these shops are allowed to continue where they are, but this will be only for a very short time. Government's decision to shift these shops from the present area will be implemented in as short a time as possible.

11 G. V. RAMAIYA, *Supdt.*

OFFICE OF THE ECONOMIC BOTANIST, DEPARTMENT OF AGRICULTURE, BANGALORE.

Notification.

It is hereby notified for the information of the public that the papaya crop produced on the Fruit Research Station, Hessarghatta will be leased out to the person who offers highest value at not less than Rs. 1,800 (one thousand and eight hundred) for the entire crop of the station for one year commencing from the date of lease. The intending persons may present their offer to the Economic Botanist, Department of Agriculture, Bangalore, so as to reach him on or before the 23rd July 1949.

2 The person whose offer is accepted should pay 25 per cent of the total value of the crop immediately after acceptance of his offer and the balance the next day in full. In default thereof the lease will be given away to the next highest offer. The lessee will be permitted to harvest the crop as and when ready only after the full amount is paid.

3 The lessee should be responsible for proper guarding of the fruit crop immediately his offer is accepted, and no complaint in case of theft, etc., will be entertained and no compensation whatsoever will be paid thereof. The lessee is required to give intimation to the Manager, Fruit Research Station, Hessarghatta, before he harvests the fruits every day. The fruits harvested from each tree should be kept near it and should only be removed after the number, weight and the grades of the fruits and other information of the individual trees are noted down. Under no circumstances the fruits should be removed until the necessary details are noted. The crop after harvest must be brought to the office where permit to remove the fruit from the station premises will be issued by the Manager, Fruit Research Station. Under no circumstances the crop shall be removed to residential quarters of the staff in the colony. The lessee should give definite instruction to his watchman in this matter.

4 Any crop found being removed without permit will be confiscated and sold, the realisation being credited to Government.

5 Fruits which are fully ripe should be harvested Diseased fruits must be allowed to be harvested and destroyed.

6 Whatever fruits are required for experimental purposes, these must be made available at Government rate.

7 The lessee should not claim any compensation for the crops if any, of the diseased branches of trees which may be cut down.

8 The lessee has to make arrangements to have the plants irrigated by his watchmen.

9 The lessee should compensate for any damage done to the trees or any Government property in the orchard during his lease either by himself or by his agent.

10 None except the watchmen of the lessee will be allowed to remain in the orchard. The lessee should employ reliable and honest watchmen.

11 The lessee should further abide by the orders of the Director of Agricultural, Research Institute, whose decision is final in any matter not mentioned above.

12 Inspection of the crop is permitted on 22nd July 1946

13 The Principal and Director of Agricultural Research and College, is competent not to accept the offer if it is less than the expected value in the interest of Revenue of the Station.
